

The VVC MCC LATE SUMMER TOUR 2018

The Summer Tour in 2018 will take place on the last week in March, departing on Sat 24 March & returning on Friday 30 March. [This will leave insurance days in case of adversity or en-route planning changes on Sat 31 & Apr 1st].

The route has been chosen to take in some lovely roads & countryside as well as interesting overnight stops. I will arrange accommodation for the numbers who sign up to come. Distances have been planned at under 400Km per day to allow for leisure & sightseeing along the way.

Later V plated bikes will be allowed, but there will be no backup trailer.

These Tours have been very successful every year & I look forward to this one.

So come & join us.
